# RADIAL DINING CHAIR

Designed by David Moreland, Product Designer at Citta Design whose concept was to create a cohesive collection, where multiple pieces can be used throughout the home. Inspired by longevity, soft lines and a timeless aesthetic the use of matt lacquered oak helps to create a warm and inviting collection that feels both modern and subtle.

**CARE INSTRUCTIONS**

Clean with a soft, damp cloth and water only, do not use chemical cleaners on any surfaces. Avoid leaving water sitting on the wood as this can cause small spots and permanent marks - wipe immediately with a dry cloth. Wipe the lacquered surface using straight strokes, not in a circular direction. After wiping the area, use a dry cloth to remove any moisture left on the surface. We do not recommend placing your furniture in direct sunlight or near sources of heat. This is due to the natural characteristics of wood as it expands and contracts with changes in temperature and humidity. Placing your furniture in these environments may cause the timber to dry out, shrink, warp or crack. Do not place hot or sharp objects on the surface of the wood as this can cause irreparable damage. Also avoid using any harsh solvents such as nail polish remover / alcohol at all times.

**RADIAL DINING CHAIR**

50 x 55 x 75cmh

**Natural Oak** SNP0111

**RADIAL DINING CHAIR WITH LEATHER SEAT**

50 x 55 x 75cmh
