Self-expression starts at home

Nothing is more personal than your own home. Above all, you want your home to be welcoming, but you also want it to say something about you and your sense of style.

DuPont™ Corian® is your ideal partner to achieve this. Applicable in an extensive variety of ways from chic, easy-care benchtops to sleek, low-maintenance bathrooms and from unique furniture designs to atmospheric lighting solutions...above all, DuPont™ Corian® is designed for life.

It has developed a solid following for over 45 years and a distinct personality. With its advanced blend of natural minerals, pigments and polymer it is durable and extremely versatile, making it an ideal surface to live with.

Virtues of Corian®

Whether working hard on an easy-care benchtop or enduring as a decorative wall design, Corian® is the embodiment of grace under pressure. Welcoming shape, pattern and light, this high-tech surface is comfortable in all kinds of environments, interior or exterior, humid or dry, hygiene-critical or high-traffic.

SEAMLESS JOINS

Imagine never having to worry about a join position in your kitchen or bathroom surface! DuPont™ Corian® can be joined together seamlessly to create a one piece homogenous look. Ideal for large benchtops and islands.

NEVER PERMANENTLY STAIN

Your Corian® benchtop is there to be used and admired. Unlike many other benchtop surfaces, Corian® is non porous, everyday substances that can permanently stain and mark other surfaces can be used on Corian® with confidence.

FORMABLE

Boxes, squares, hard corners. That's the standard recipe for most benchtops, but not with Corian®. It can be formed to any shape with seamless joins offering you inspired designs in benchtops, splashbacks and waterfall ends.

TRANSLUCENT

The translucency of DuPont™ Corian® is especially striking in the lighter colours as well as thinner sheets. Many designers are now using the material to create lighting effects within the home.

REPAIRABLE

Accidental damage can usually be repaired on site without having to completely replace the benchtop.

10 YEAR WARRANTY

DuPont™ Corian® is backed by a 10-Year Limited Warranty when fabrication and installation are performed by a DuPont™ Certified Fabricator Installer.

Corian® in the *Kitchen*

Lasting elegance in Corian®, the comforts of beauty are equalled by robust reliability, easy maintenance and endless adaptability. Imagine a smooth transition from benchtop to fascia, splashback to sink, food preparation to relaxed enjoyment.

There are so many reasons why Corian® is the surface for today's kitchen, and so many ways to utilise it, let us show you the possibilities.

Edge detail

CREATE A KITCHEN WITH AN EDGE

DuPont™ Corian® gives you the freedom to design a kitchen that is uniquely yours. You can mix Corian® with virtually any other material, and with so many colours, textures and shapes to choose from, it's fun to explore the possibility.

Make a statement with a classic thick edge

This island not only adapts to any environment but its eye-catching luxurious edge design makes a statement in style.

Design by Ikal Kitchens

Continuous seamless edge

The Corian® Raincloud organic pattern appealed to the client for the natural veins which were skilfully matched by the Corian® installer, running across the benchtop right down the waterfall end.

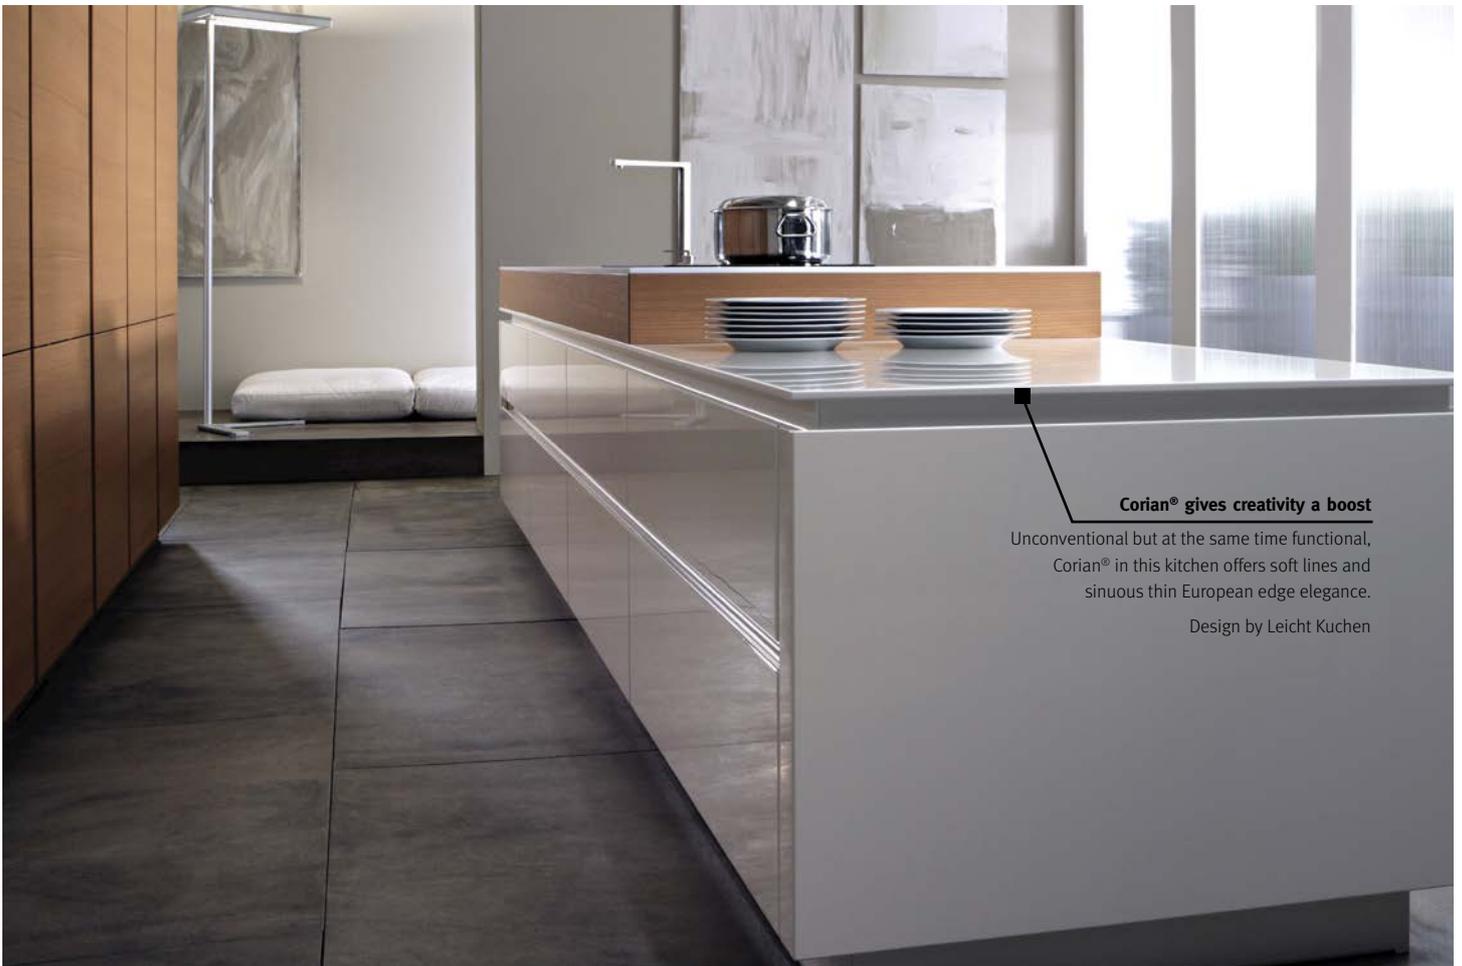

Design by Wilko Cabinets

Corian® makes you rethink kitchen design

Thin, thick, squares, rectangles and curves are all possible with this design friendly material.

Design by Jayen Innovations

Corian® gives creativity a boost

Unconventional but at the same time functional, Corian® in this kitchen offers soft lines and sinuous thin European edge elegance.

Design by Leicht Kuchen

Seamless sink integration

LET YOUR IMAGINATION FLOW

Incorporating sinks or bowls made of Corian® using seamed undermounting techniques eliminate rims that trap dirt and water, minimising cleaning and maintenance.

The ease of installation of single or double sinks or a series of units, makes it possible to design spaces that respond to criteria of practicality and multiple use, alongside highly emotional, individual, aesthetic values.

Make your sink an integral part of your overall design.

Fully integrated Corian® sinks and bowls blend into any room while adding an air of elegance. The nonporous, stain and moisture resistant sinks seamlessly fit into a Corian® benchtop. Give your room a touch of style with all the reliability and durability you've come to expect from Corian®.

Ola 20 kitchen by Snaidero; design by Pininfarina; photo Snaidero

In classic colours of Cameo White and Glacier white – your sinks are subtle, yet striking at the same time.

Corian® MIXA® Sinks: The solution for your kitchen

MIXA® is the combination of Corian® and stainless steel. DuPont™ Corian® is a non-porous material. It is solid and can be fabricated with inconspicuous seams, rendering its surface hygienic. DuPont™ Corian® surfaces do not support the growth of bacteria nor fungi.

With MIXA® it is possible to have your Corian® benchtop flow into a sink of the same colour.

Choose from MIXA® R10, with a 10mm internal radius to corners or R60, with an internal radius of 60mm to corners to tie in with your individual kitchen design.

R60 Corian® Mixa sink by Kitchen Choice

Available in any colour in the Corian® range, MIXA® allows you to match your sink and benchtop colours seamlessly.

Sleek *Vertical* surfaces

SPLASHBACKS & WATERFALL ENDS

Wouldn't it be wonderful if you could design your benchtop to flow seamlessly from your horizontal to your vertical surfaces? You can. With Corian®.

It's not only a sensational look but practical. The ability to create an entire continuous surface in Corian® is another of the materials main advantages.

Seamless beauty

Creating a long and sleek island bench without visible join lines on a 5th floor apartment with limited access was a challenge. This benchtop was manufactured and transported in 2 pieces and then connected smoothly once installed with matching waterfall ends.

Design by KTC

A splashback does not have to be flat

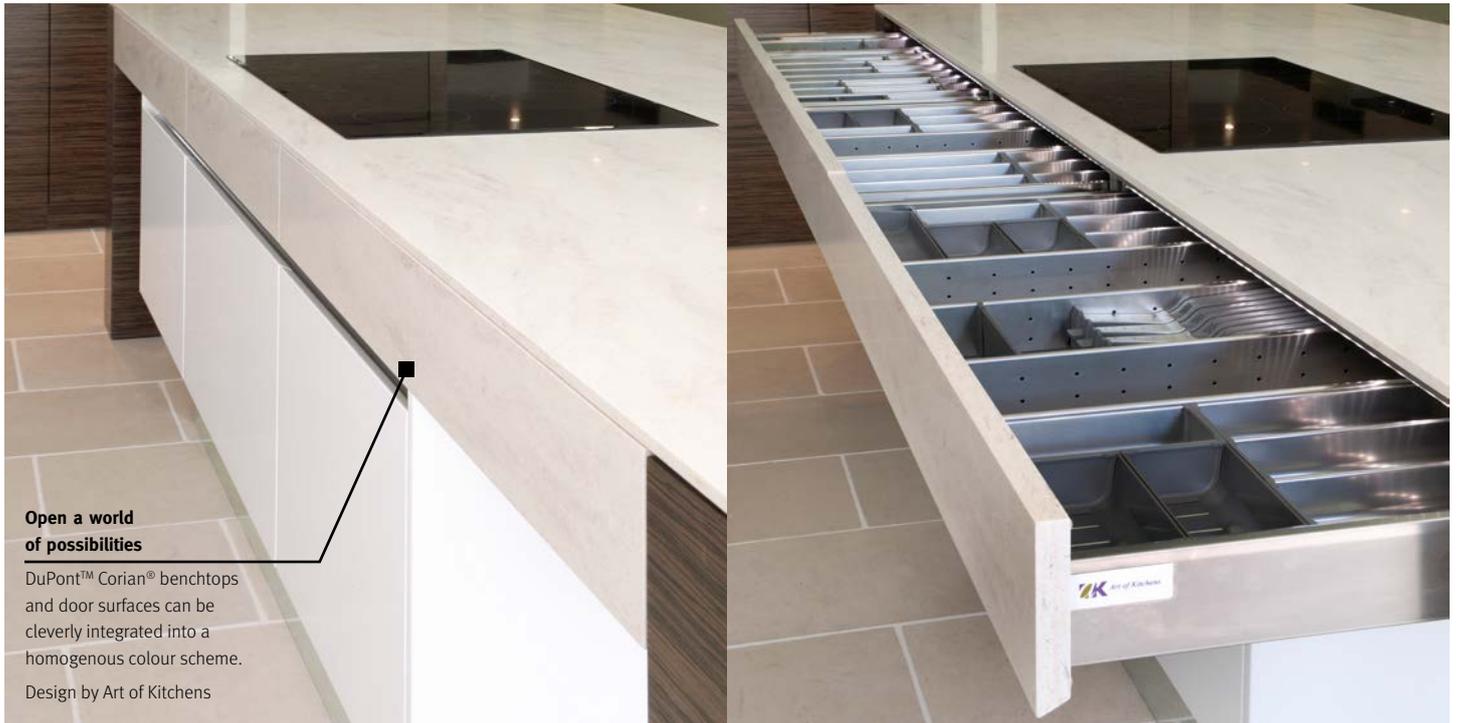

DuPont™ Corian® can accommodate a breathtaking scope of design ideas with intriguing texture and 3D effects.

Design by International Cabinets

Doors

OPEN UP TO A WORLD OF POSSIBILITIES

The quality of Corian® allows for all kinds of applications, from benchtops, to door and drawer fronts. The pristine white and clean crisp lines of this material allows you the design freedom to create kitchen surfaces that resist the everyday wear and tear.

Open a world of possibilities

DuPont™ Corian® benchtops and door surfaces can be cleverly integrated into a homogenous colour scheme.

Design by Art of Kitchens

The skin of Corian®

A simple yet effective solution for doors, Corian® inspires chip resistant square edge details

Illumination

In the kitchen area, Jean Nouvel has used back-lit panels in Corian® to create a playful 'Chinese shadows' feature, which reveals the utensils contained in the kitchen cupboards in shadow.

Design by Jean Nouvel

Outdoor Kitchen

A BREATH OF FRESH AIR

Indoor material selection blends to the outdoor to create entertaining areas of impressive proportions. DuPont™ Corian® provides the opportunity to seamlessly integrate high quality finishes throughout the home and continuing to the Alfresco Kitchen.

A weather-wise solution

Robust, durable, waterproof, UV resistant, multi-talented and easy to care for (and effortlessly good-looking) it's no surprise that Corian® has also made its way outdoors.

Design by Art of Kitchens

Technology that can tick all the boxes

For projects which would benefit from beautiful high-tech UV resistant cladding applications, Corian® is the ideal partner for outdoor kitchens.

A breath of fresh air

Combining our love of the great outdoors with entertaining, Corian® breaths fresh air into the old BBQ area by creating stunning alfresco kitchen spaces.

Shower
floors & walls

Corian® in the *Bathroom*

Let your bathroom be a reflection of you. With Corian®, you can create a sanctuary of wellness that echoes your personality. Surround yourself with colours and textures you love to wake up to.

Mould Corian® into soothing shapes. Mix it with tiles, metal, wood, stone or glass. Have it fitted on your walls, horizontal surfaces, or moulded into bath surrounds.

Seamless
shape integration

Seamless *Shape* integration

YOUR SPACE TO YOUR IMAGINATION

Make the most of your retreat from the day, use Corian® to create an oasis of calm that lifts your spirits and comforts your soul. DuPont™ Corian® is as welcoming to the touch as it is easy on the eye. You'll find your bathroom becomes a star attraction.

Contemporary style
 Reflecting contemporary bathroom style, our rectangular Corian® bowls feature sleek lines and a minimal look.

Great ideas for small details
 DuPont™ Corian® Glacier White bowls bring integrated shape and practicality into rare balance.
 Design by Formed

All models available in classic Glacier White, 810 and 820 models also available in Cameo White.

Shower floors & walls

A FINISH TO FLOOR YOU

Beauty was made to be enjoyed. As much as aesthetic appreciation lies in the eye of the beholder, its value is multiplied when we can enjoy those moments of luxury knowing that Corian® surfaces are so easy to live with. Cool in its sophistication and calm in its appeal, Corian® is also warm and sensual to the touch making it perfect for shower wall and bathroom floor environments.

Multi-talented

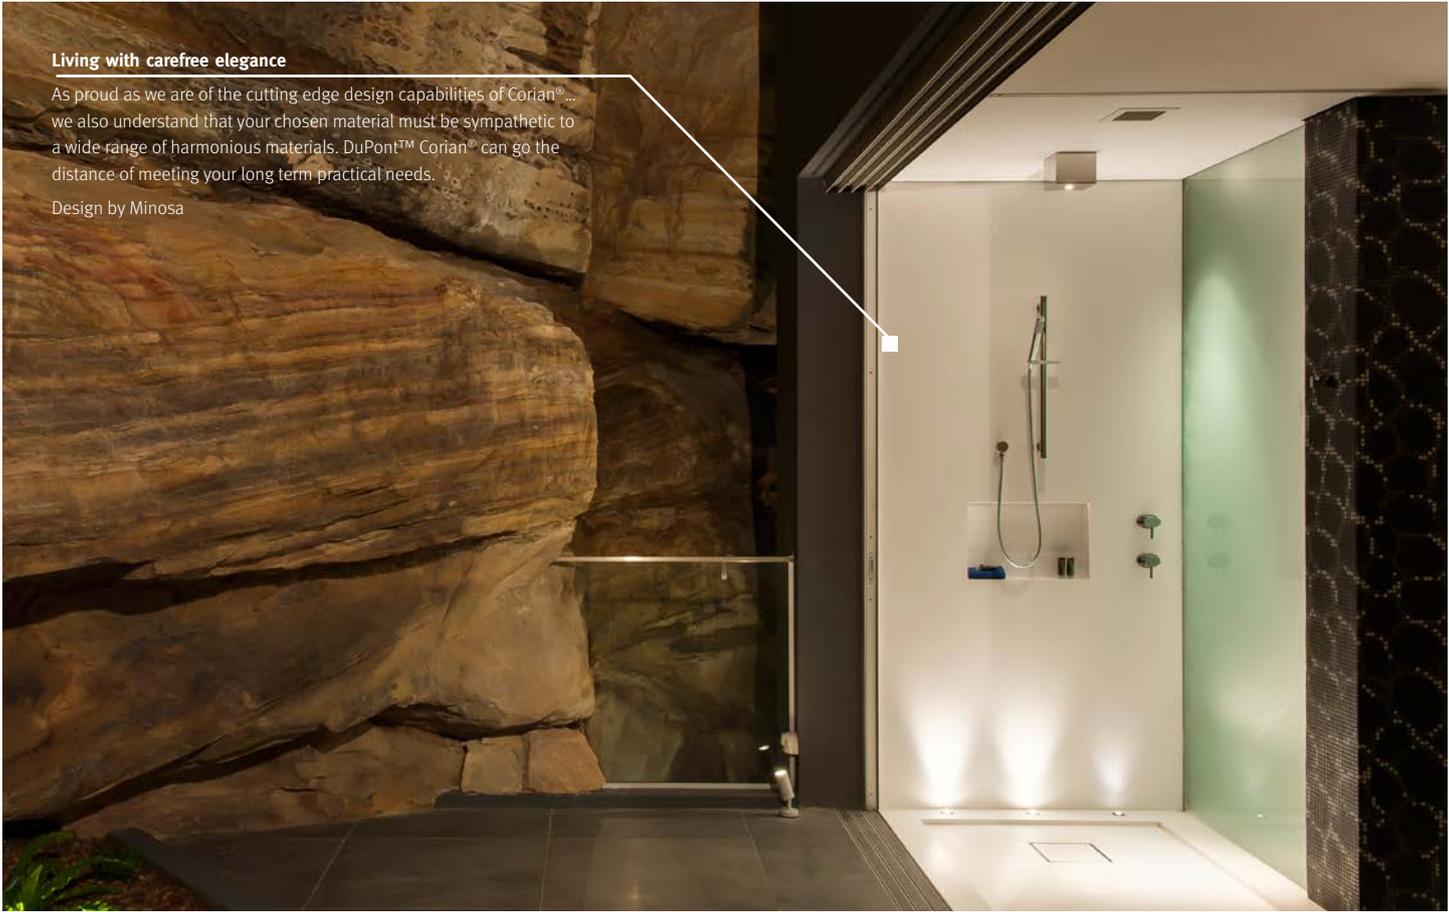

Long-lasting and a pleasure to live with, DuPont™ Corian® performs in so many ways – and on any surface. Right at home in shower walls and floors, it is entirely up to you. Go ahead, splash out!

Design by Minosa

Living with carefree elegance

As proud as we are of the cutting edge design capabilities of Corian®... we also understand that your chosen material must be sympathetic to a wide range of harmonious materials. DuPont™ Corian® can go the distance of meeting your long term practical needs.

Design by Minosa

Lineal

DuPont™ Corian® shower floors combine beautifully as a large format tile, with lineal drainage systems in high-quality contemporary designs.

Corian® in *Cladding*

There is an increasing number of buildings around the world that have exploited the considerable benefits of wall systems with Corian®.

By virtue of its longevity, resistance and renewability, Corian® can defy the toll of time when it comes to a buildings inner and outer beauty.

Form and function come together

'Landscape' the interior of your building with intriguing textures. DuPont™ Corian® can accommodate a breathtaking scope of wall cladding design applications. Design by Bijl Architecture in collaboration with AR-MA

Day and night

Homeowners are always thinking of new ways of designing their space and new materials to experiment with. Give an extra dimension to your exterior surfaces with the beauty of backlit cladding panels made with Corian®.

Forward thinking

One colour and one material (Corian®) work for both walls and floor panels to create a monolithic courtyard. Design by David Giovannitti

Corian® in *Furniture*

Whether you browse from the eye-catching designer collections on offer, or decide to mould the material to your own particular needs, you will discover the boundless possibilities for living with the beauty of DuPont™ Corian®.

Lighting the way

Atmospheric in its translucency, formable to almost any shape, strong enough to stand alone and compatible with all kinds of technology, Corian® can create lighting designs that are limited only by the imagination.

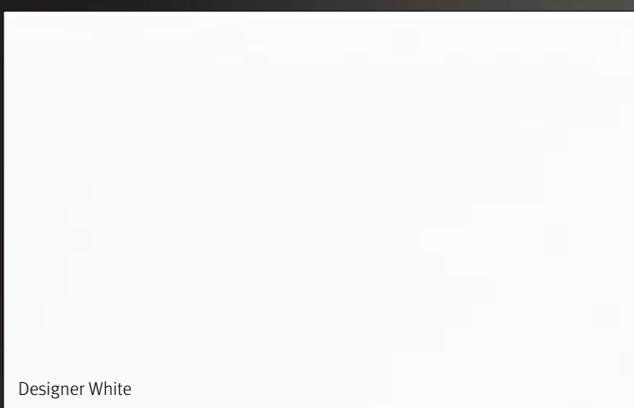

Design by Claudia Carrasco.

An intrigue of *Colour*

COLOUR YOUR MASTERPIECE WITH CORIAN®

Trends and tastes may come and go, but respecting personal preference is the key to a happily designed home. DuPont™ Corian® offers an original and carefully selected collection of colours from the purest of whites, to understated neutrals to deeper, stronger tones. This includes both pure, solid hues and options with subtle textural effects, from a matrix of particulates to intriguing veining, allowing you to harmonise with other tones and textures within a scheme.

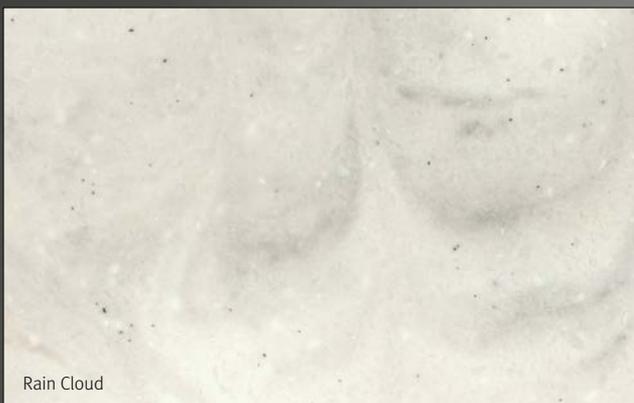

SOLID

The solid colour collection of Corian® ranges from the pure Designer White through to the darkest tone of Deep Nocturne.

PARTICULATE

The particulate aesthetic is manufactured by introducing previously made Corian® material which is then ground to create different sized “particles” that are added to the colour being produced.

ORGANIC

The Organic veining of Corian® comprises of leading edge aesthetics inspired by the subtleties of nature and fine design, while retaining the time tested elegance and performance of the original solid surface material.
